# **Claims** Reporting Kit

NPIP provides claims management services to its members through Clear Risk Solutions. This packet provides members a direct and efficient way to report accidents and losses. We request that members adhere to the following guidelines to assist our claims department in delivering a quick and economic settlement to your claim. Please report all accidents, regardless of the degree of injury or damage. This can help us determine whether any of our risk management services may be beneficial in preventing similar, future losses.

Record all relevant facts related to the loss, including but not limited to personal information of individuals involved, circumstances leading to the event, records of responses taken, and so on. If possible, save all broken or damaged equipment involved.

If possible, take photos documenting the loss.

Please do not admit responsibility or agree to pay for damages.

## NPIP MEMBERS
