

Maintenance is *hard*.

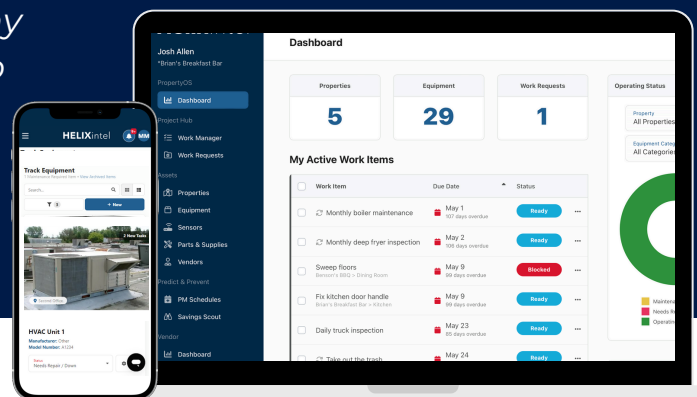

# HelixIntel is here to make it easier for you.

Maintenance management can be challenging. That's why NPIP has partnered with HelixIntel to offer its simplified Computerized Maintenance Management System (CMMS) for all your needs, at no additional cost to you.

- ✔ Facility Management
- ✔ Asset Management
- ✔ Preventative Maintenance Schedules
- ✔ Tasks & Checklists
- ✔ Work Order Management
- ✔ Parts & Inventory

“*In the morning, the very first thing I do is check HelixIntel to plan my day and prioritize what needs to be addressed first.*”

- Director of Facilities

## Simplify Your Maintenance

HelixIntel optimizes schedules, work orders, asset tracking, and maintenance tasks. This proactive approach helps facilities identify equipment issues early, minimizing downtime, and enhancing reliability and profitability.
