From the Board President

On behalf of the Non Profit Insurance Program (NPIP) Board of Directors, thank you for your continued trust and partnership. Your support reflects a shared commitment to our mission: "to provide risk management solutions and stable, affordable insurance."

As we look ahead, our focus remains firmly on delivering stability in coverage, while also embracing innovation to meet the evolving needs of our nonprofit community. We are dedicated to protecting our members through reliable, proactive service and forward-thinking solutions. NPIP is more than an coverage provider — we are a collaborative network built on mutual respect, engagement, and support. We value the strength of our membership and are committed to fostering a program that reflects your priorities and protects your purpose.

Thank you for being an essential part of NPIP. We look forward to continuing this journey together.

— Mike Heinisch, Board President

NPIP's Current Focus

NPIP is committed to listening, evolving, and responding to the needs of our nonprofit community. We actively engage with member feedback, broker insights, and emerging coverage needs to ensure our offerings remain relevant, protective, and forward-thinking. Currently, NPIP is focused on two key coverage enhancement initiatives.

*Health and Welfare Benefits for Nonprofits.* We are exploring sustainable benefit solutions that support nonprofit employees. This effort includes legislative advocacy, and NPIP is working closely with partners and lobbyists to advance meaningful change. If you're interested in contributing to this initiative, please contact our team.

*Small Nonprofit Solutions.* We recognize the unique challenges faced by smaller organizations, and we are developing a product that offers essential services and select lines of coverage tailored to their scale and needs.

We welcome your ideas and input for coverage needs or services needs. If there are specific projects you'd like NPIP to explore, please reach out. Together, we continue to build a program rooted in stability, innovation, education, engagement, protection, and mutual respect.

What Are Your Needs?

NPIP's administrator is constantly seeking feedback for coverages and needs of nonprofits. Your broker represents your organization every day with constant connection to NPIP's teammates in underwriting, claims, risk management, and administration. You can also email our Director at any time at [smcdonnell@npi.org](mailto:smcdonnell@npi.org) to provide feedback and connect on areas of concern. The door is really open.

NPIP Board of Directors

Perspective is more important than ever and we value the diversity of our membership's work and expertise. If you're interested in participating with the Board of Directors, please contact Sarah McDonnell, our Director, at [smcdonnell@npi.org](mailto:smcdonnell@npi.org).

We'd love to have you.

# NPIP Membership

We're proud to stand behind nonprofits as they carry out their missions every day. Our members provide services in many key areas of of need - NPIP's diversity and cooperative structure continues to provide nonprofits with a strong voice for each segment.

## Services Included With Your NPIP Membership

Over the past year, NPIP members have experienced significant savings and support by utilizing the wide range of services available through the program. From facility reviews and workshops, to webinars and trainings, these resources offer practical, effective solutions for our members. These offerings reflect NPIP's commitment to protecting nonprofits and delivering value beyond coverage. We're proud to support our members not only through coverage, but also through tools and services that strengthen their operations and reduce risk.

### Risk Control

Members of NPIP have access to a wide array of risk control services, performed by a team of certified risk managers. This list includes policy and procedural evaluations, ADA compliance, property and building assessments, as well as an extensive list of online resources.

### Educational Services

All of NPIP's trainings cover a variety of topics including leadership challenges, workplace behavior, and vehicular best practices, and more. All trainings can be utilized by anyone in your organization, including leaders, employees, and/or volunteers. If there is something you need that we don't currently have, please let us know.

### Driver Training Simulator

This training will help drivers recognize and anticipate hazardous driving situations using simulations with environmental factors such as adverse weather, collision avoidance, distracted driving, and more. The simulator is housed in a mobile trailer which is brought to your location and can train two participants simultaneously.

### Pre-Litigation Program

The Pre-Litigation Program (PLP) offers proactive, strategic support when legal issues first emerge. By providing early technical assistance and collaborating with experienced legal counsel, PLP helps members manage risk and reduce liability before problems escalate—delivering tailored, informed guidance every step of the way.
